HELIPAD | AVIATION SPECIALIST

ABOUT AVIATIONSKYBIZ

(TRADE MARK SKYBIZ)

WE BELIEVE IN QUALITY DESIGN

Skybiz drives a singular mission to “Create business value with unique services in Aviation Industry, drives SKYBIZ in addressing the challenge of deploying & managing complex aviation Infrastructure in the face of rapid technological change.

The greatest of these changes is the portable options and prefabricated technology; and SKYBIZ is uniquely positioned to help our customers transform their businesses while avoiding the pitfalls of safety, security, and service management.

Since 2012, SKYBIZ has executed several aviation Infrastructure projects for large enterprises and continues to offer Solutions & Services to customers in various segments like Helipad Infrastructure, Research, Defense Aviation, Real Estate/ Construction, Infrastructure Consultants, Manufacturing.

VISION

From the place of an accident to the operating theatre - the fastest, most secure, and shortest possible way is often decisive.

MISSION

To emerge as market leader in the helipad industry and to set standards in terms of quality, service, innovation and value for money

LAUNCHED INNOVATIVE PRODUCTS RELATED TO AVIATION INFRASTRUCTURE PRODUCTS.

SKYBIZ

We have been promoting our design patented products and services in the aviation industry and our unique products and services attracted a lot of industry personnel's in Aviation to work along with us in the growth of aviation infrastructure in India and International.

SKYBIZ in the International market gives Aviation Solutions 100% safety in operations or supply /manufacturing in equipment, portable heliports, elevated helipad or heliport equipment, and Aircraft Hangars.

SKYBIZ is headquartered in Bengaluru, India & Doha, Qatar for middle east operations along with partner/ associate offices in the USA, UK, Australia. Malaysia, Norway.

THE MAGICAL | EXPERIENCE

"NOTHING EVER BECOMES REAL TILL IT IS EXPERIENCED"

SKYBIZ is currently involved in prospective projects in both India and International and has designed products as it amuses the imagination of the client for Design, Construction, Safety solutions. It is a fundamental belief of the SKYBIZ that they design & experience first and then use their best technologies and techniques for making it a reality.

2012, the beginning of Skybiz Brand with the company name Aviation Skybiz by the creative director and founder Mr. Mohammad Ali, experience in Aviation consulting, Project management, Design & construction through a passion for creativity & a user-friendly approach for every design that is made & marked was & is always open to the sky for its opportunities to serve its clients!

MOHAMMAD ALI

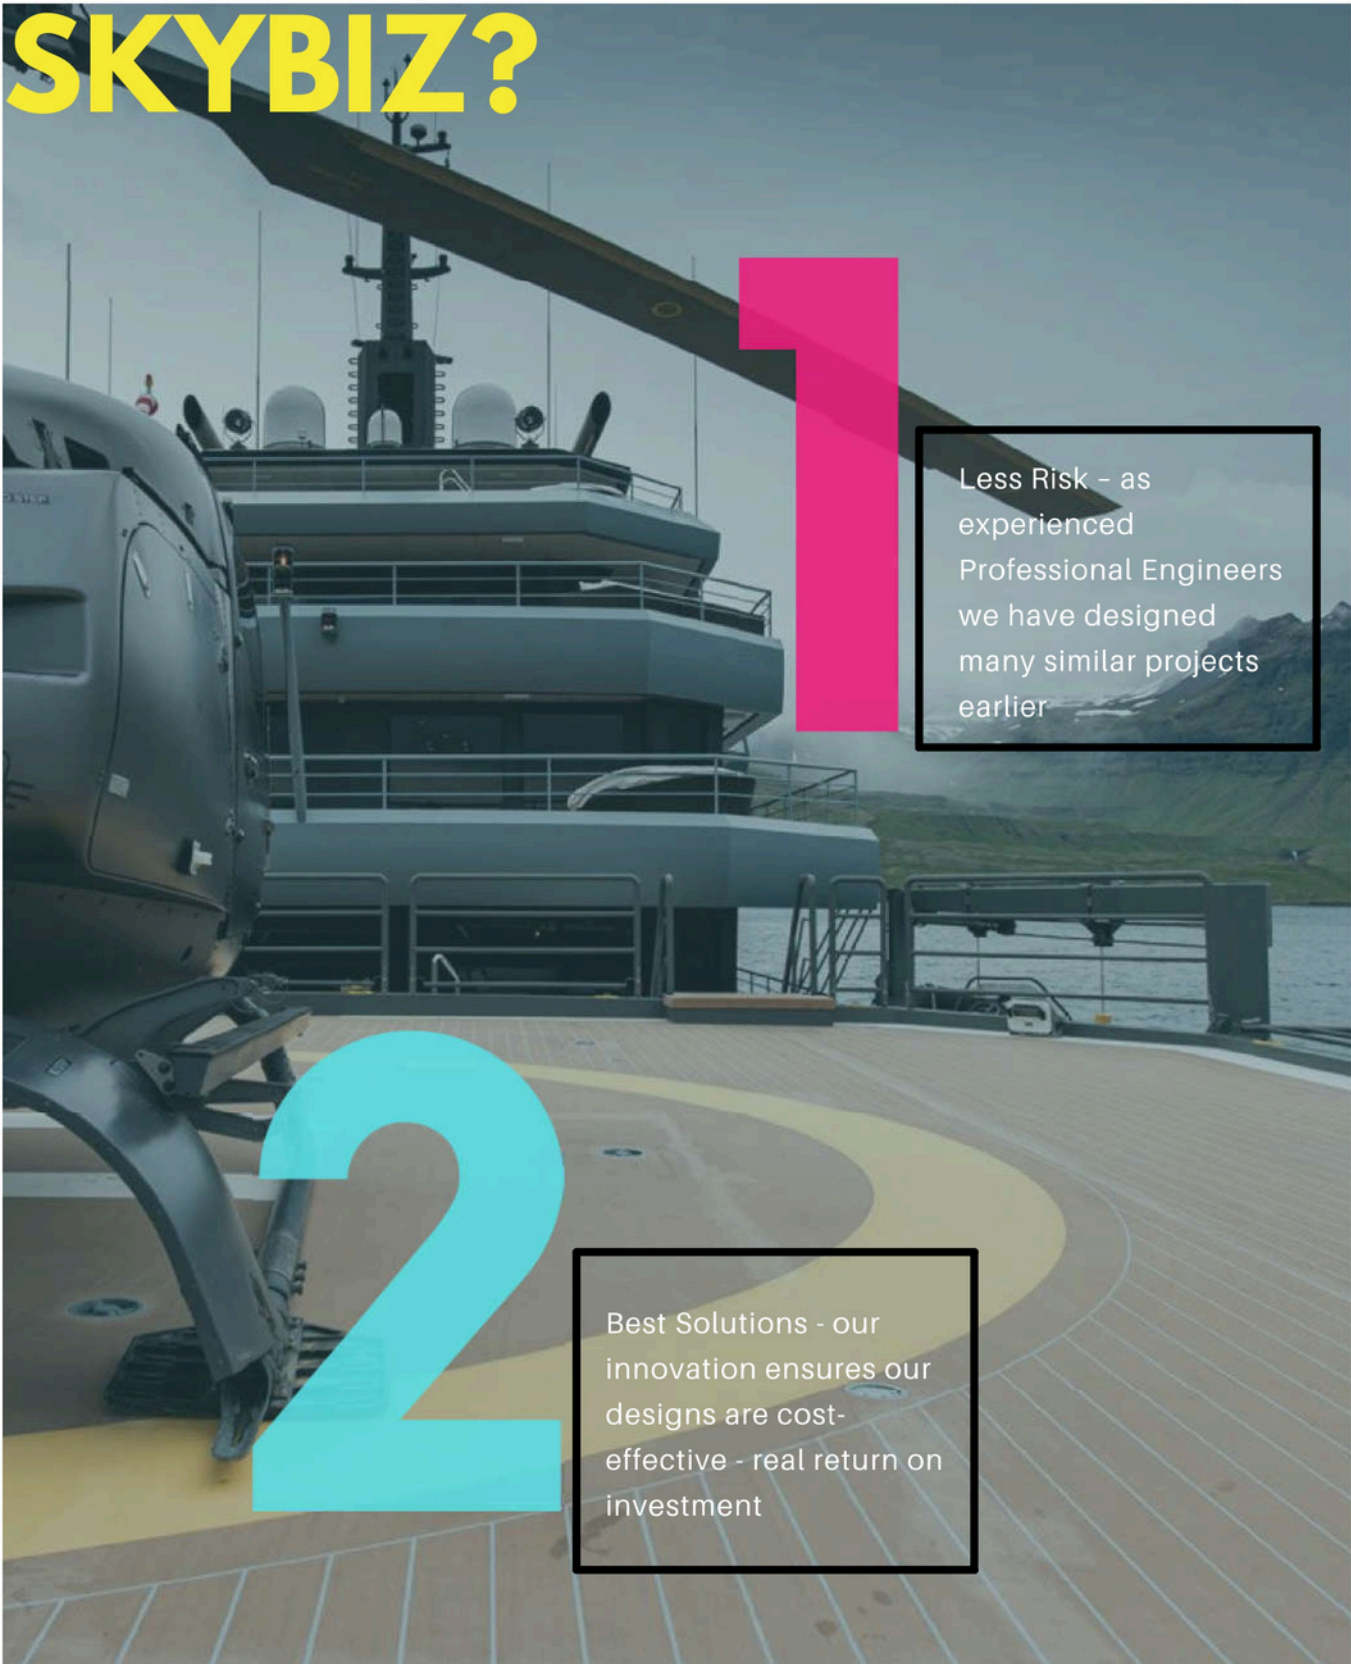

“

It's a never-ending battle of making your work better and also trying to be better yourself.

SKYBIZ is a cross-discipline practice specializing in Project management, a fusion of architecture, Construction in Aviation Industry. A civil engineer by profession, Mohammad Ali, whose passion for interactive art and Interior gave breath to both brands SKYBIZ & 365DESIGN. The spectrum of SKYBIZ is both visually stunning and technologically advanced. Dedicated to research and development ensures that the SKYBIZ stays abreast of the latest technologies in Industry and we give first priority to safety in projects and in our manufacturing process.
